

FACES BEHIND THE PLACES

DAVE GRIGGS

Welcome Home

Dave Griggs is well known from his role as Chairman of Dave Griggs Flooring America and Past Chairman of REDI. What isn't as well known is his passionate volunteer work with Welcome Home. A Vietnam era Veteran himself, Dave understands firsthand the stress that servicemen and women deal with as they return to civilian life after combat.

Dave has been part of Welcome Home from the moment their new facility was a twinkle in someone's eye. Having caught the vision of Welcome Home's mission from the very inception, he is most proud of their accomplishments since then. His talent as a businessman and his network of industry relationships brought the donated supplies and labor needed to complete the new offices and transitional housing project of Welcome Home, saving the agency more than \$100K on construction costs. Boasting a 77-85% success rate in helping Veterans obtain housing and employment, Dave's vision now extends beyond homelessness and into skill development for greater job opportunities for Veterans. He says Welcome Home is a shining example of how a community and an organization should come together to help the men and women who protect our freedom.

When he's not working or volunteering, Dave and his wife Nancy enjoy time at the lake, swimming, boating, photography and traveling to his 'bucket list' locations across the world.
