

FACES BEHIND THE PLACES

JAMES CHAPMAN & JOAN GOVERO

Welcome Home

Veterans United Home Loans has a huge heart for veterans in our community. So much, in fact, that two employees, Joan Govero and James Chapman, have led the way in their commitment and passion for making a difference through Welcome Home. Govero spends her days helping veteran buyers purchase homes and her volunteer time doing what she can to assist struggling veterans in Columbia to help them become self-sufficient. James Chapman recently joined the board of directors at Welcome Home. He was inspired to serve homeless veterans by his grandfather and best friend from college, who both served as active duty military members. Through their service at Welcome Home, both Govero

and Chapman live out one of the Veterans United core values, to enhance lives every day.

When they are not working at Welcome Home or Veterans United, Govero enjoys singing and playing with her two grandchildren, while Chapman enjoys rooting for the Florida Gators.
